

## GOD IS LOVE

I am doing these things (financial crises, floods, hurricanes, earthquakes etc.), because I have a great, great love for you, because I love you so very, very much.

I am doing these things to make you seek Me, because the whole world has strayed far, far away from Me and the laws I made for mankind to abide by from the foundation of time, and because I love you so very, very much.

The turmoil of these things, and the things to come, is to shake you and to cause a deep unrest in your soul, so that you will put your trust in Me and not in the ordinary, seemingly secure foundations of this world and its governmental institutions, nor in the order of the natural world which I have created, for all will be given a great shaking down and only that which is of Me and Mine will rest (remain) in Me.

I am doing these things because of My own dear Son and for His great glory in the wide world.

I am the Good Shepherd, calling My own dear children with a great, great love, from out of the world, to turn toward Me, to return to Me.

I am doing these things with an everlasting, genuine, pure and holy love, to save you My dear children, from the deep, deep darkness that covers the world and which will cover the world in a much deeper, darker way.

So do not be fearful for what is to become of you, because in My great purposes and in My great plans 'Those whom the Lord loves, He also disciplines.' and I love you with such a deep, faithful love that the world has never known, nor can it ever know.

'For God so loved the world'.
